

**IMPORTANT INFORMATION FOR ZELL AM SEE-KAPRUN**

**PREPARATION OF SLOPES**

Please pay attention to the operating hours of the lifts and cable cars listed on the notice board. Outside the operating hours the slopes are closed and/or in preparation. During these hours the skiing area is not accessible and no safety procedures are in place. Beware of the track grooves, winch ropes, exposed cables and snowgun hoses.

**FENCED-OFF AREAS**

Skiing and snowboarding outside the fenced-off areas (fences, ropes, nets etc.) is not allowed, dangerous and undertaken at your own risk.

**CLOSURE OF LIFTS & RUNS**

The management reserves the right to close lifts and runs at short notice in the event of technical difficulties, storms etc. Neither such closures, nor an unexpected early departure, shall give reason to claim a refund on the ski pass or to extend its period of validity.

**LOST AND FOUND**

**Kaprun:** Kitz-InfoService in the Alpincenter and at all ticket offices.  
**Zell am See:** At all ticket offices and in the InfoCenter.

**TERMS OF USE FOR LIFTS**

Standard terms and conditions for the use of ski lifts are applicable as posted. Please obey the staff's instructions.

**IMPORTANT INFORMATION**

Safety is our chief concern so we ask for your understanding if there should be restrictions on ticket sales or on the number of people we can transport due to weather conditions and/or operational limitations. The individual services, to which the ticket entitles the bearer, are rendered by legally independent partners. The partner selling the ticket acts solely as a representative for the other partners. Therefore, only the individual partner shall be held liable for the rendering of each service and for compensation in the event of incidents.

**GENERAL TERMS AND CONDITIONS**

according to www.kitzsteinhorn.at, www.schmitten.at, www.superski.com, www.alstarcard.at, www.skialpincard.at and the General Terms and Conditions of the participating lift and cable car companies.

**SKI PATROL & RESCUE SERVICE**

Please provide the exact location of the accident. The last inspection round by the piste service team takes place when the facilities close for the day (see information boards at each station). Please understand that a rescue fee will be charged. Our ski patrol and rescue service only supervises marked and open slopes - other areas are used at your own risk.
