3. Do not stop where you obstruct a trail or are not visible from above.
4. Before starting downhill or merging onto a trail, look uphill and yield to others.
5. If you are involved in or witness a collision or accident, you must remain at the scene and identify yourself to the Ski Patrol.
6. Always use proper devices to help prevent runaway equipment.
7. Observe and obey all posted signs and warnings.
8. Keep off closed trails and closed areas.

**Relative Trail Difficulty:** Skiers and riders should be advised that a Green Circle, Blue Square or Black Diamond trail at your area is not necessarily the same as a similarly rated trail at another area. The system is a relative system that is valid only at this area. Skiers and riders should work their way up, beginning with the easiest trails, no matter what their ability level may be, until they are familiar with the trails at the area.

**Helmet Usage:** Blue Mountain Resort recommends helmet use for all skiers and riders but helmets are required in certain circumstances. Skiers and snowboarders are encouraged to indicate themselves on the benefits and limitations of helmet usage. The primary safety consideration, and obligation under the Alpine Responsibility Code, is to ski and ride in a controlled and responsible manner.
