

Ski Area Rules

Various types of winter sports equipment are used at this ski area including skies, snowboards, telemark skis, and snow scooters. Know the rules, know how to use your equipment safely, and be courteous regardless if you are skiing or snowboarding.

- 1 Ski or snowboard within your skill level and ability to help ensure your safety and the safety of others.
- 2 The person in front of you has the right of way. Give way to the person in front of you when on runs.
- 3 If you need to stop, do so in a manner that will not interfere with others.
- 4 When starting out or at an intersection look for others coming down the hill from above.
- 5 Use a stop slip device on your equipment.
- 6 Read signs and take note of markers, and do not go beyond the roped areas.
- 7 Exercise care when using the lifts.

Out of Bounds

Understand and abide by Niseko Rules when skiing or snowboarding out of bounds. The Niseko Rules can be found in pamphlets around the slopes and at the ski area's information center.
