**TERRAIN PARK USER'S GUIDE**

**MAKE A PLAN** Every time you use freestyle terrain, make a plan for each feature you want to use. Your speed, approach and take off will directly affect your maneuver and landing.

**LOOK BEFORE YOU LEAP** Scope around the jumps first, not over them. Know your landings are clear and clear yourself out of the landing area.

**EASY STYLE IT** Start small and work your way up. Inverted aerials not recommended.

**RESPECT GETS RESPECT** From the lift line through the park.

**WARNING**

Under Colorado law, a skier assumes the risk of any injury to person or property resulting from any of the inherent dangers and risks of skiing and may not recover from any ski area operator for any injury resulting from any of the inherent dangers and risks of skiing including: changing weather conditions; existing and changing snow conditions; bare spots; rocks; stumps; trees; collision with natural objects, man-made objects or other skiers; variations in the terrain; and the failure of the skiers to ski within their own abilities.

- YOUR RESPONSIBILITY CODE**
1. Always stay in control, and be able to stop or avoid other people or objects.
  2. People ahead of you have the right of way. It is your responsibility to avoid them.
  3. You must not stop where you obstruct a trail, or are not visible from above.
  4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
  5. Always use devices to help prevent runaway equipment.
  6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
  7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.

**Welcome to Historic Howelsen Hill Ski Area**  
North America's Oldest Continuously Operated Ski Area - Since 1915
