TERRAIN PARK USER'S GUIDE

MAKE A PLAN Every time you use freestyle terrain, make a plan for each feature you want to use. Your speed, approach and take off will directly affect your maneuver and landing.

LOOK BEFORE YOU LEAP Scope around the jumps first, not over them. Know your landings are clear and clear yourself out of the landing area.

EASY STYLE IT Start small and work your way up. Inverted aerials not recommended.

RESPECT GETS RESPECT From the lift line through the park.

- YOUR RESPONSIBILITY CODE:**
1. Always stay in control, and be able to stop or avoid other people or objects.
 2. People ahead of you have the right of way. It is your responsibility to avoid them.
 3. You must not stop where you obstruct a trail, or are not visible from above.
 4. Whenever starting downhill or merging into a trail, look uphill and yield to others.
 5. Always use devices to help prevent runaway equipment.
 6. Observe all posted signs and warnings. Keep off closed trails and out of closed areas.
 7. Prior to using any lift, you must have the knowledge and ability to load, ride and unload safely.
